

RACO RENTAL MANAGEMENT TRACKS INVENTORY & ASSETS TO SPECIFIC LOCATION & TIME

Keep track of your rented items on an up-to-date platform that allows you to throw out your spiral notebook, ditch your whiteboards, and leave your Excel sheets in the dust. Pinpoint your chairs, tents, equipment, vehicles, and other assets to a specific location on a digital map displayed on your PC or mobile device.

FEATURES

-  Google Maps Integration
-  Groupings
-  Detailed Reporting
-  Mobile Management
-  All Your Assets on One Map

*The RACO Rental Management can be complimented with our GPS Tracking solution for the vehicles and assets utilizing the same GPS Tracking platform.

“Last Known Address” is no longer an acceptable status update for your rental assets, your drivers or your customers.
