

## Service Bureau

RACO Barcode Solutions specializes in printing variable information on blank or preprinted stock. Whether it be through thermal transfer printers in our RACO Service Bureau or our large variable image presses we have your solution. We respond quickly to our customer's needs with our fast and cost efficient in house service.

Think of RACO Barcode Solutions for both short and long run variable information labels. We offer a wide choice of materials: thermal transfer, direct thermal, opaque, polypropylene, polyester, paper and synthetic tags.

These labels satisfy a wide variety of applications:

- Industry compliance labels(automotive and others)
- Retail labels and tags
- Property/asset management
- Forest products/horticultural tags
- Product/pallet identification tracking
- Bin/shelf labeling
- Parts identification
- Food ingredient labels
- Nutritional information labels
- Promotional labels
